

Filling out the Post-Trip Form – Pre-Trip form does not exist

If a Pre-Trip form was never filled out for the traveler then you will need to start a new Post-Trip form from scratch.

1. You will need to first Log into the TWF with your NetID and password once you click the link located on the top right of the [Travel](#) home page.
2. Once you log in a new WebForm will open and the form automatically assigns a WebForm ID, create date and create time to your form. You first will need to select the “Post-Trip” option and the pre-trip form will open.
3. Travel + Trip Information Section: First, select who you are filling the post-trip form out for: yourself, a UConn Affiliate, or a UConn Guest.
 - a. **Yourself**: If you select yourself your Traveler Information will automatically populate in the required fields below.
 - b. **UConn Affiliate**: If you are filling out the form for a UConn Affiliate your information will populate in the Initiator Information section, and you will need to look up the traveler. To search for your traveler you must at least type in their last name in the search box. Once you click the search button check the dropdown list and select the name of the correct traveler.

Once you have selected the correct traveler their information will appear in the Traveler Information section of the form. If necessary you may edit any of the fields in the Traveler Information section except for the NetID Field.

- c. **Guest:** If you are filling the form out for a guest you will need to manually type in their information in the Traveler Information section of the form. The only required traveler information for guests are their first name, last name, and their email address.
4. In the Dates and Destination section you can indicate where the individual traveled, the trip dates, if there was personal travel, and if the traveler went with a group.
 - a. **Trip Dates:** In the trip dates section you will add the travel dates, location, and if the trip included personal travel days. To begin, select the green plus sign **+** and a box will pop up where you can enter the trip information. You must fill in all fields provided to add your trip dates entry.

The screenshot shows a web form titled "Add Entry". The form contains the following fields and options:

- * Purpose:** Text input field containing "Travel Conference".
- * Start Date:** Date input field containing "6/2/2015".
- * End Date:** Date input field containing "7/8/2015".
- * Region:** Dropdown menu with "U.S. (Domestic)" selected.
- * State:** Dropdown menu with "Colorado" selected.
- * City:** Text input field containing "Denver".
- * Personal Travel:** Radio button options for "Yes" and "No". The "No" option is selected.

At the bottom of the form are two buttons: "Add" and "Cancel". A tooltip at the bottom right of the form reads "Press this button to save this entry".

Please note you must add a separate entry for personal travel dates, and multiple travel destinations. In the example above we are only adding an entry for business travel dates. If this trip included travel to a different location or if it included personal travel we would add new trip date entries to document this. See below for an example of what a trip with personal travel and multiple destinations should look like. Please note if you enter multiple entries the trip dates should not overlap.

If you need to edit one of your trip entries select the correct row and then the pencil icon ✎. If you need to delete one of your entries select the correct row and then click on the ✕ icon.

- b. **Group Travel:** If you are not traveling with group members select “no”. If this trip includes group travel select the “yes” button. You then have the option to either upload an attachment containing the group member’s names and affiliations, or you can manually search and add each member’s name.
 - i. **Attachment:** select the attachment option and then click on the Browse button to find the correct file on your computer.
 - ii. **Group Lookup:** selecting the group lookup option allows you to search for each member by their name. This search function works the exact same way as the search for [Traveler Information](#). Only individuals with a NetID will populate in this search function. If you are adding a University guest as a group member you must upload their information using the attachment method.

Please note that adding a traveler as a group member does not take the place of them submitting their own TWF. If any of your group members are requesting a reimbursement from UConn they must fill out their own Post-Trip form.

5. **Reimbursement:** This section is where you will enter all the expenses that are being claimed. Please note that any expenses that were prepaid by UConn directly should **not** be entered on the Post-Trip form. Additionally, travelers who claim expenses that may be charged directly to the University must certify they have paid for the charges themselves, and that the expense has not been purchased through a UConn direct payment method.
 - a. **University Affiliation:** First select the affiliation of the traveler from the drop down list by clicking on the upside down triangle, and then clicking on the correct affiliation. *This option will not be available if the reimbursement is for a guest. There will be other selections on the form that do not appear for guests since they are not applicable to non-University affiliates.*
 - b. **Duty Station:** Use the drop down list again to select the traveler’s duty station.
 - c. **Departure/Return Times:** Click on the box or clock icon to ⌚ choose the departure and return times. Hours are bolded, and quarter increments in between the hours are faded. Please be aware you can select any of these times

listed. You will not be able to type in your own time so round the departure/return time to the nearest time provided on the list.

- d. **Transportation Stipend:** This should only be checked off if the traveler receives compensation via payroll for transportation expenses. Please note only certain departments receive transportation stipends.

Once fields A-D have been filled out you may begin to fill out all the eligible business expenses from the trip on the tabs below. Any amounts entered on the tabs will calculate on the form below.

Check Transportation Stipend if employee receives compensation via payroll for travel.

- e. **Airfare:** On this tab you may enter airfare if the traveler paid for it themselves. If airfare is being claimed you must agree to the certification statement assuring the airfare was not paid directly by UConn through Sanditz. Baggage fees may also be entered in this section.
- f. **Registration:** On this tab you may enter the amount the traveler paid for their registration. Again, you will need to check off the "I Agree" box first to certify this registration has not already been paid directly by a UConn ProCard.
- g. **Lodging:** On this tab you may enter the amount the traveler paid for lodging after you have agreed to the certification statement provided. The lodging total may include parking, internet, or other in-policy expenses that were included on the hotel receipt. There is also a box provided on this tab where you can enter additional information.
- h. **Car Rental:** On this tab you may enter the car rental amount. This is the last tab where you must first certify the expense has not been directly paid through UConn's preferred vendor. If you did not book your rental car through Enterprise via Sanditz you must check off the box below the amount entered and then add a reason explaining why UConn's contracted vendor was not used.
- i. **Meals:** This tab consists of three separate ways to claim meals: Per Diem, Business Meals, and Meals with No Overnight Stay.
 - i. **Per Diem:** Please note receipts are not required for this section. Guidelines on how to claim per diem are written on the first paragraphs of this per diem tab.
 1. To begin filling out the per diem section first check off if you are claiming a domestic or foreign per diem rate.

- Next type in the location and use the correct per diem link to look up the meal and incidental rate for the area.
- After you have typed in the travel location you need to deduct the meals that were provided during the trip. If the same meal(s) were provided on every single day of the trip select the provided meals from the drop down and the table below will populate with the eligible per diem. Ex: if breakfast was provided every day of the trip select breakfast only. If no meals were provided to the traveler or if different meals were provided each day first select "none" from the provided meals drop down list. Then click on the date a meal was provided, select the provided meal(s), and then click the update button.

- ii. **Business Meals:** To claim a business meal you can either fill out the meal information on the table or you can click on the Business Meal Form link and then enter the total that form calculates to the TWF. To add an entry onto the TWF click on the green plus sign **+** and then fill out the entry form. All boxes must be filled out in order to add the entry onto the table. To edit the entry click on the correct date and then on the pencil icon . To delete an entry on the table click on the dates and then on the **x**.
- iii. **Meals with no Overnight Stay:** This section may be filled out if a traveler departed and returned on the same day. Policy points on how to claim meals for single day travel are listed below the "Select Meal" drop down box in this section. To claim meals you must fill out information in every box on this tab and then click the "Add" button at the bottom of the form. Once the meal entry is added it will appear on the Meals with No Overnight Stay table and this total will be added to the reimbursement. Please note you must add a separate entry for each meal claimed.

- j. **Mileage:** All boxes on this tab must be filled out for mileage to calculate correctly.
- In the "One way commute" box enter the one way mileage from the traveler's home to their duty station.
 - Next enter the traveler's home address. The town and State are the minimum requirement for this box.
 - Once these two boxes are filled out you may the first entry to the mileage log table. To begin, click on the green plus sign **+** which will open up a new window where you can add the trip date, travel destinations, business purpose, total mileage driven, and if the traveler departed/returned to/from their duty station. Please note the Entered Mileage should always be one way mileage. Selecting "Yes" to roundtrip will double your entered mileage. Once you have filled out all required fields in this section click on the "Add" button. You can continue to add entries, or you may edit or delete entries by clicking on the date and the pencil  or  icons.

The next two boxes include questions that only relate to Grant Funded Reimbursements. If the claims will not be Grant Funded these two boxes should be left blank. If the claims will be routed to Sponsored Program Services (SPS) for review you must answer these two questions below.

If Sponsored Project funded please indicate how travel directly benefits/relates to the project.

If more than one sponsored project is funding the travel please detail the allocation methodology.

6. **KFS Accounts**: In this section you may add the KFS account(s) you would like the entered expenses charged to. Please note that any prepaid expenses should not be added in this section. To add a KFS account enter the 7 digit account number, the amount that should be charged to it, and the object code in the corresponding boxes provided. Once this information is added you may click the "Add" button and the information will populate on a table below. To delete an entry added to the table click on the KFS account on the table and then on the ✕ icon.

7. **KFS Processor**: This is a section where you can indicate which group will enter the traveler's expenses into KFS.
 - a. **Unit**: Select the Division of the KFS Processor.
 - b. **KFS Group**: Select the Department of the KFS Processor. Please note that TWF Initiators can be a part of multiple different KFS Groups.
 - c. If you are filling out the post trip form for yourself you must click to agree to the Certification statement in this section before submitting the Post-Trip document. By clicking the "I Agree" box you are electronically signing the reimbursement form. If you are filling out the reimbursement for a UConn Affiliate this box will not show up for you. Once you submit the Post-Trip form an email notification will be sent to the traveler informing them that they must go into their Post-Trip document and electronically sign their own reimbursement form. *The reimbursement form may not be submitted into KFS until the traveler completes this step.*

8. Reimbursement Authorization: In this section you must select the traveler's Supervisor so they may review and approve the claims before they're submitted into KFS. The Supervisor selected must be on the next highest organizational level from the traveler. This search function works the exact same way as the search for [Traveler Information](#).
9. Post-Trip Notes: This is the last section of the Post-Trip form. You can add any notes you would like to record in this box, and then select the "Add Note to Table" button once you are ready to attach the note. TWF initiators can only add one note to the form before submission. Please be aware that added notes may not be deleted.

Additional Information

- Once you have completed all fields on the Post-Trip form you can select the Submit button. Or, if you are not ready to submit the form and you would like to save your progress you can check off the "I would like to save this as a draft" box and then click the "Save Draft" button.
- There is a route log at the bottom of the form that shows you what actions have been taken and when. Ex: This form was saved on 07/01/15, and it has not been submitted yet.

User	Stage	Time	Action
mri09007	Start Post-Trip@	7/6/2015 10:35	Saved
- The Supervisor selected in the Reimbursement Authorization section may approve, return, or disapprove the Post-Trip TWF that was routed to them. Returned documents will be sent back to the TWF initiator with a note on what sections require revisions and adjustments before they may be resubmitted for approval. Disapproved documents may not be revised, and they must be resubmitted if the traveler would still like to claim expenses in KFS. The expenses may not be submitted in KFS until the Post-Trip TWF has been Approved by the Supervisor selected.
- The following email notifications will be sent out once the Post-Trip TWF is submitted:
 - Certification Statement – an email notification will be sent to the traveler to agree to the certification statement if they did not initiate their own TWF. The form will not route to the Reimbursement Authorizer for approval until the Post-Trip form is electronically signed by the traveler.
 - Reimbursement Authorizer – an email notification will be sent out to the Supervisor that was selected to review and approve the TWF.
 - KFS Processor – an email will be sent to the KFS Processor once the TWF is ready for submission in KFS. This notification will not be triggered until the Traveler has electronically signed their Post-Trip form and the Reimbursement Authorizer has approved the TWF.
 - Document Returned/Disapproval – an email notification will be sent to the TWF initiator if the Post-Trip form was returned or disapproved by the Reimbursement Authorizer that was selected on the form.
